**From: EIHAB C.E.O. Mr. Hegazy**

**Subject: Heartfelt Thanks to Our Nurses**

**In recognition of National Nurses Week 2020, I would like to thank all the nurses for providing compassionate care to individuals in our residences and day programs at EIHAB Human Services.**

**The nursing profession requires a great understanding of the human condition. Our nurses not only focus on the emotional and physical well-being of our clients, but their encouraging words often help make a remarkable difference in the progress of our individuals.**

**At a time when the coronavirus pandemic has brought about unimaginable challenges and suffering, nurses have been among those on the front lines of providing critical care. To all the nurses at EIHAB, please know how much we value your extraordinary contributions and services.**

**With immense gratitude, we say thank you!**

**Sincerely,**

**Ahmed Hegazy**
